Easy CookingPRO Mobile Counter with 1 refrigerated drawer, suitable for 2 Plug-in appliances with four 1-phase sockets

Short Form Specification

Item No. _____

Plug in mobile cooking station in heavy duty AISI 304 stainless steel. Can be combined with up to two Easy CookingPRO table top units 1PHASE (Plug Type Schuko): flat induction hobs, induction wok, induction griddle. Plate holder shelf coupled with tempered glass and lighting for a better visibility from guest side. One integrated stainless steel refrigerated drawer with 37lt capacity accepting N° 1 GN1/1 + N° 1 GN 2/4 trays. Temperature range between 0 and +10°C. No drain required. Automatic ventilation adjustment according to cooking intensity thanks to Easy CookingPRO Match function. Integrated air filtration system - Easy CookingPRO Ventilation - to absorb efficiently grease particles and bad odours in the working area. It is a 2-stage system with stainless steel and ceramic activated carbon filters easy to remove for cleaning operations. For additional storage space, one optional neutral 30 lt drawers is available. Counter Plug Type : IEC/EN 60309-1/2 - 32 Amps. Mounted on 4 swivelling wheels (2 with brakes).

Main Features

- Compact, lightweight and easy to move.
- Plate holder shelf coupled with tempered glass and lighting for a better visibility from guest side.
- Designed for Easy CookingPRO Match function for automatic regulation of fan speed according to cooking intensity. Can be activated exclusively with Easy CookingPRO stand alone units.
- Easy CookingPRO Ventilation is a low noise air filtration system to absorb efficiently grease particles and bad odours in the working area. It is a 2-stage filtering system with stainless steel fat filters and ceramic activated carbon ones.
- Integrated stainless steel refrigerated drawer with temperature regulation between 0°C and +10°C. No drain required.
- 37 lt refrigerated drawer capacity accepting N° 1 GN1/1 + N° 1 GN 2/4 trays.
- 30 lt neutral drawer - accepting N° 1 GN1/1 - is available as optional accessory.
- Through the user interface with soft touch buttons the operator can: - vary the 4 fan speed; - switch on the LED lighting system of the cooking area; - set the temperature of the refrigerated drawer; - display indications on maintenance operations (e.g. on filters) or any anomalous operating conditions.
- Can be combined with up to two tabletop appliances LiberoPro 1PHASE (Plug Type Schuko): flat induction hobs, induction wok, induction griddle.

Construction

- Heavy duty AISI 304 Stainless steel construction.
- Mounted on 4 swivelling wheels with brakes on the 2 front wheels (on the operator side).
- Frontal panel in AISI 304 can be customized requiring a special execution.
- Grease and odours filters are easily accessible and removable from operator's side for efficient maintenance without any tool.
