Gas lava stone grill top, full module

Short Form Specification

Item No. _____

To be installed on open base installations, bridging supports or cantilever systems. Suitable for natural gas or LPG. 14 kW stainless steel gas burners with flame failure device. Gas burners protected by stainless steel deflection trays preventing blockage from foreign objects. Cooking surface grids in enameled cast iron, easily removable for cleaning. Exterior panels in stainless steel with Scotch Brite finish. One piece pressed work top in 1.5 mm thick stainless steel. Right-angled side edges to allow flush-fitting junction between units.

Main Features

- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- Heating via Stainless steel gas burners with flame failure device.
- Burners protected by stainless steel deflection trays to prevent blockage.
- Piezo ignition and separate controls for each half module.
- Cast iron grids can be adjusted on two levels.
- Stainless steel high splash guards on the rear and sides of cooking surface. Splash guards can be easily removed for cleaning and are dishwasher-safe.
- Top configuration allows installation on ambient base only (not possible to install on refrigerated nor freezer base).
- Cooking grids made in highly resistant enameled cast iron for easy cleaning.
- Lava stone included in standard delivery.
- Suitable for countertop installation.

Construction

- All exterior panels in Stainless Steel with Scotch Brite finishing.
- One piece pressed 1.5 mm work top in Stainless steel.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- IPx4 water protection.
