392233 (Z9BSEHINF0)

60-It electric boiling pan with pressure switch, indirect heating

## **Short Form Specification**

#### Item No.

To be installed on cantilever systems but also incorporates fixing points for bridging. Incoloy armoured elements with safety thermostat positioned in the jacket cavity base. Exterior panels of unit in stainless steel with Scotch Brite finish. Pressed well bottom with rounded edges manufactured from AISI 316 stainless steel. Right-angled side edges to allow flush-fitting junction between units. Includes safety valve to control working pressure. Temperature limiter for power regulation allowing precise temperature cooking.

#### Main Features

- · Sides of vessel with satin finishing for easy cleaning.
- . Minimum load for correct funtioning is 20 liters.
- Round kettle is suitable to cook, sauté or poach all kinds of produce.
- Produce is uniformly heated in the base and side walls of the kettle by an indirect heating system that uses integrally generated saturated steam at a temperature of 110° C in the jacket.
- Incoloy armoured elements with safety thermostat positioned in the jacket cavity base.
- External valve allows to manually evacuate excess air accumulated in the jacket during heating phase.
- Appliance is IPX5 water resistance certified.
- Manometer allows to correctly control the functioning of the pan.
- Energy regulation through a control knob.
- · Safety thermostat protects against low water level.
- Safety valve avoids overpressure of the steam in the jacket.
- No overshooting of cooking temperatures, fast reaction.
- Large capacity food tap enables safe and effortless discharging of contents.
- Ergonomic: the depth of the vessel facilitates stirring the food, also the most delicate food.
- Discharge tube and tap are very easy to clean from outside.
- · Solenoid valve to refill with hot and cold water.
- · Smooth large surfaces, easy access for cleaning.
- The special design of the control knob system guarantees against water infiltration.

### Construction

- All exterior panels in Stainless Steel with Scotch Brite finishing.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.

### **Sustainability**

- Firmly fitting cover to reduce cooking time and save energy costs.
- · Closed heating system no waste of energy.
- Pressure switch control monitors energy and water consumption.
