Rev. 2

From Ser. Nr.... Up to Ser. Nr....	Ed. 2019-03 Updated 2019-06	Page: 1	Doc No:595R42400
---------------------------------------	--------------------------------	---------	-------------------------

How to put in relation the “Type Ref.” reported on the data plate with the “Type reference” reported on the front page of the Spare Part Catalogue:

The “Type Ref.” represents a group of models/brands all with similar technical features, hence possible to be reported under the same scheme in terms of exploded views.

Find below an identification example: SKCH30B

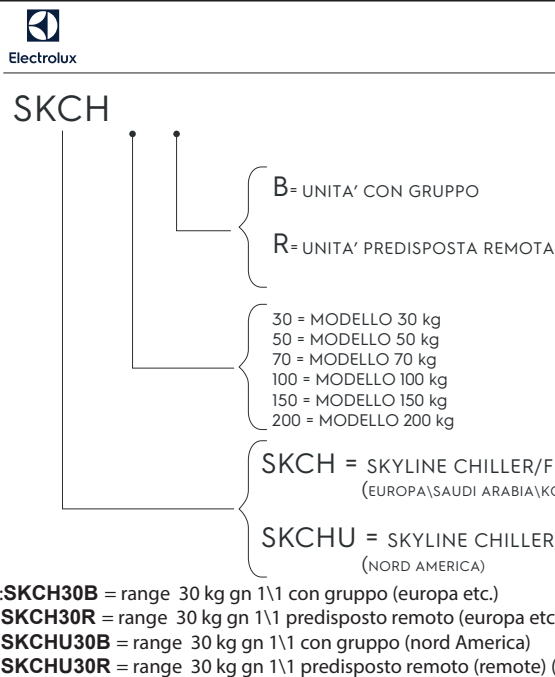

F.Mod. PNC 9VTX.....	Comm.Model Ser.Nr.....	Type Ref. SKCH30B	2019
W.Tot. kW	Volt..... Hz.....	Cyclopentane	Total Current A
Evaporation Heater El. kW	Class x	GWP	CO2-eq t
Lighting W	Cap. Refrigerant		Kg
Defrost Power kW	Heating power kW		
NF nominal Charge			
Rated Pressure Mpa		CE	WEEE
IPX4			
Electrolux Professional SPA - Viale Treviso, 15 - 33170 Pordenone (Italy)			

For the right spare code identification follow the steps:

1. Type in the website the PNC reported on the data plate.
2. The website will automatically display this spare part catalogue.
3. The spare part code at this point is referenced through the “Type reference” as from the front page by the relevant “Ref”.

Come mettere in relazione il “Type Ref.” Riportato sulla targhetta caratteristica con il “Type reference” riportato sul frontespizio del catalogo ricambi:

Il “Type Ref.” Rappresenta un gruppo di modelli/marchi con simili caratteristiche tecniche, ossia possibili da rappresentare con il medesimo schema in termini di vista esplosa.

Qui di seguito un esempio di identificazione: SKCH30B

F.Mod. PNC 9VTX.....	Comm.Model Ser.Nr.....	Type Ref. SKCH30B	2019
W.Tot. kW	Volt..... Hz.....	Cyclopentane	Total Current A
Evaporation Heater El. kW	Class x	GWP	CO2-eq t
Lighting W	Cap. Refrigerant		Kg
Defrost Power kW	Heating power kW		
NF nominal Charge			
Rated Pressure Mpa		CE	WEEE
IPX4			
Electrolux Professional SPA - Viale Treviso, 15 - 33170 Pordenone (Italy)			

Per identificare il corretto codice ricambio procedere con:

1. Digitare nel website il PNC riportato sulla targhetta caratteristica.
2. Il website mostrerà automaticamente questo catalogo ricambi.
3. A questo punto, il codice ricambio è identificabile attraverso il “Type reference” come indicato nel frontespizio sotto la relativa voce “Ref”.
